## TWO MEXICANS SHOT IN BORDER WAR

Believed, However, Situation Will Improve as Carranza Troops Are Moving Mexicans Back.

(By Associated Press.) Brownsville, Tex., Sept. 6.—Two Mexican bandits were shot Sunday by American soldiers returning the bandits' fire across the Rio Grande at Cavazos Crossing, about fifty miles above here. At the same time the gravity of the situation was somewhat relieved by the active co-operation of the Carranza military authorities, who removed Carranza troops from the river back at Cavazos Crossing and promised to try to keep their men away from the river.

Major Hay, chief of staff for Major General Frederick Funston, arrived Sunday from San Antonio and was followed by several troop trains, the beginning of a troop movement which will put the weight of 4,000 regulars in the lower Rio Grande valley to help maintain peace.

One Carranza officer and one civilian known in Matamoros, Mexico, as a Carranza supporter, were killed in yesterday's fighting at Cavazos Crossing between Mexicans and American soldiers and Texas rangers. Proof of the deaths of these two men was brought here from Matamoros. Capt. Frank R. McCoy of the Third United States Cavalry, in command of the troops at the crossing fight, reported also that there probably were other casualties among Mexicans yesterday. These casualties were at least a dozen Mexicans seen to fall during the fighting.

The total American casualties in this fight Saturday and in Sunday's shooting were one man slightly wounded and one horse injured.

American Consul J. H. Johnson at Matamoros came here Sunday on behalf of General E. P. Naffarato, commanding Carranza troops there, to secure permission for his men to recover the body of a Carranza soldier lying on the river bank near Reynosa, about fifty miles up the river from here.
